

UL 508A Panel Shop

CUSTOM INDUSTRIAL CONTROL PANELS

OEM / MULTI ENCLOSURE BUILDS

MOTOR CONTROL CENTERS & BUCKETS

Malloy UL 508A Panel Shop

Built on a solid reputation for quality work, the Malloy panel shop has been producing motor control centers, UL, and C-UL panels that go all over the United States and Canada. The panel shop is small enough to efficiently build custom industrial control panels yet large enough to meet your facility's budget for motor control centers, OEM and multi panel builds.

Our leadership team is made up of experts that have been in the industry for decades so your design has everything you need. Project management is hands on so panels are on budget, on time, **every time!**

Need a quick turn around time? No problem, we have a vast inventory of common stock and even hard-to-find items. Automation Integration? We do that too, from start to finish.

Industries the Malloy Panel Shop Serves:

- Oil Exploration
- Energy
- Mining
- Ethanol
- Industrial Equipment / Machines
- Distribution Centers
- Grain Handling
- Sugar Processing
- COOPs / Elevators
- Farms

Common Automation Protocols We Support

- DeviceNet
- Profinet
- Profibus
- AS-i
- IO Link
- Ethernet/IP

Common Panels We Build:

- Indoor, Outdoor & Explosion Proof
- Full Voltage Motor Starter Panels
- Pump Control Panels
- Heat Trace Panels
- Irrigation Control Panels
- VFD and Soft Start Panels
 - Any Horsepower
 - Any Voltage
- Automation Panels
 - PLC Panels
 - HMI Panels
 - RIO Panels
- Disconnect Panels
- Centrifuge Panels

Problems the Malloy Panel Shop Can Solve:

- Overheating equipment
- Maintaining constant panel temperature
- Malfunctioning / constant tripping
- Liquid / particle intrusion in panels
- We can service and recondition equipment, buckets and panels no matter where you bought them!
- Power factor correction
- Automating processes
- Remote monitoring / control
- Over hauling out-of-date equipment / panels

Motor Control Center Sections and Buckets

- Motor control center section builds
- MCC bucket customization, service and repairs
- Highly skilled engineers, electricians and technicians
- Service available onsite or in our shop
- MCC bucket automation / monitoring / control
- Short lead times because we have most parts on hand!

7 Great Locations, Serving the Midwest and Canada.
